NOTICE OF PROPOSED RENEWAL OF TITLE V PERMIT

The South Coast Air Quality Management District (SCAQMD) is the air pollution control agency for the four county-region including all of Orange County and non-desert portions of Los Angeles, Riverside and San Bernardino Counties. Rule 3006 requires that the SCAQMD publish this notice prior to the renewal of a Title V permit previously issued to the facility listed below:

Plains West Coast Terminals LLC

2500 E. Victoria Street
Compton, CA 90220
Facility ID# 800417

Facility Contact Person:

Ms. Ruth Ha
Environmental Engineer

This is an existing facility applying for a Title V permit renewal. This is a tank farm facility which stores crude oil and petroleum products, and operates storage tanks, tank truck loading/unloading racks, an oil-water separation system, and process heaters.

Pursuant to Title V of the federal Clean Air Act and SCAQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance unless such a permit has been renewed. Accordingly, the above facility submitted a Title V permit renewal application and requested the SCAQMD to renew their Title V permit. The proposed permit incorporates updates to the facility information, as provided in the facility's Title V renewal application, as well as updates to all rules and regulations that are currently applicable to the facility.

As required by Title V of the federal Clean Air Act, the Title V permit includes all the emission limits, applicable requirements and operating conditions on the equipment, including the requirements of 40CFR Part 64, Compliance Assurance Monitoring (CAM). Title V facilities are required to certify compliance with the Title V permits in addition to recordkeeping and mandatory reporting of any deviation of the permit conditions.

The proposed permit, air quality analysis, and other information are available for public review at SCAQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Compton Library, 240 W. Compton Blvd., Compton, CA

90220. The proposed permit can also be viewed at <http://www3.aqmd.gov/webappl/PublicNotices2/> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the SCAQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the SCAQMD based on credible information, is also available from the SCAQMD for public review. **Anyone wishing to comment on the issuance of the proposed renewal permit should submit their comments in writing by January 23, 2015. Written comments should be submitted to:**

South Coast Air Quality Management District
Engineering and Compliance
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attention: Jon Uhl
AQ Engineer II

If you are concerned primarily about zoning decisions and the process by which this facility has been sited at this location, you should contact your local city or county planning department. For additional information, please contact Mr. Jon Uhl at (909) 396-2725 or by e-mail at juhl@aqmd.gov.

The public may request SCAQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Jon Uhl at the above SCAQMD address. The public hearing request must contain all the information requested on the form in order for the AQMD to determine whether or not the request is valid and if a public hearing will be held. The public hearing request forms may be obtained from the SCAQMD by calling the Title V hotline at (909) 396-3013, or downloading from the internet at <http://www.aqmd.gov/docs/default-source/grants/500-g-form.pdf?sfvrsn>. **Any request for a public hearing must be submitted to the SCAQMD no later than January 7, 2015. At the same time, a copy of the hearing request must also be sent by first class mail to the facility contact person listed above at the same time.**

For your general information, anyone experiencing air quality problems such as dust, smoke and odors can telephone in a complaint to the SCAQMD by calling 1-800-CUT-SMOG (1-800-288-7664).
