Subject: Proposed Minor Revision to Title V Facility Permit for Air Products & Chemicals, Inc.,
Wilmington Hydrogen Plant (Facility ID #101656)

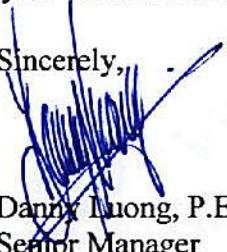

Dear Gerardo:

The South Coast Air Quality Management District (SCAQMD) has received and reviewed the below application from Air Products & Chemicals, Inc. at 700 N. Henry Ford Ave., Wilmington, California for a permit revision to its Title V facility permit. Pursuant to Rule 3006(b), the revision meets the criteria for a Minor permit revision as defined in Rule 3000 (b)(15). A public notice is not required.

Application No.	Equipment	Application for
547681	Hydrogen Production Equipment	Installation of additional hydrogen purification equipment and loading arm to produce ultra pure hydrogen for distribution as a transportation fuel.

In accordance with Rule 3005(c), enclosed is a copy of the proposed permit revision along with our evaluation report for your 45-day review. If you have any questions or wish to provide comments regarding this project, please contact Mr. Thomas Lee at (909) 396-3138 or tlee1@aqmd.gov. This letter is being sent to you via email in order to facilitate your review.

Sincerely,

Danny Luong, P.E.
