Dear Mr. Rios:

P.B. Fasteners (I.D. 003525) has proposed to revise their Title V permit by adding a carbon adsorber, and modifying a degreaser, two electroplating lines and a waste water treatment system. This is a metal fastener manufacturing facility (SIC 3452) located at 1700 West 132nd Street, Gardena, CA 90249. This proposed permit revision as requested under Application Number 513474 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on May 6th.

If you have any questions or need additional information regarding the proposed permit revision, please call Mrs. Stacey Ebner at (909) 396-2504.

Very truly yours,
