Dear Mr. Broadbent:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permits for City of Santa Clara (Facility Number A3464).

The facility has requested the following modifications to the Landfill S-2 under BAAQMD Permit Application #7317:

- Decommissioning of (27) existing vertical landfill gas wells.
- Installation of (10) replacement vertical landfill gas wells.

This request requires that changes be made to Table II A and Permit Condition #2935, part 2 in the Title V permit.

A copy of the proposed changes to the Title V permit is enclosed for your review. If you have any questions on this matter, please call **Ted Hull, Air Quality Engineer II, at (415) 749-4919.**

Very truly yours,

William C. Norton
Executive Officer/
Air Pollution Control Officer
