

Compliance Certification

I, Bob Ellis, a Responsible Official for the Mesquite Power, LLC, Mesquite Generating Station, hereby certify that:

The applicable requirements for the Mesquite Power, LLC, Mesquite Generating Station that are the basis of this certification are set forth in Permit Number V99-017 and this permit application.

The Mesquite Power, LLC, Mesquite Generating Station will comply with the applicable requirements listed in Permit Number V99-017 and this permit application, and with additional requirements, if any, that become applicable during the permit term.

The methods to be used to determine compliance with the listed applicable requirements are set forth in Permit Number V99-017, including a description of the monitoring, recordkeeping, and reporting requirements and test methods.

Mesquite Power, LLC will submit annual compliance certifications during the permit term, postmarked within 90 days of each anniversary issuance of the permit.

The previously permitted Mesquite Generating Station is currently operating and is subject to compliance certification requirements of permit V99-017. The facility is currently in compliance with all requirements.

Based on information and belief formed after reasonable inquiry, the statements and information in the revised permit application are true, accurate and complete.
