Dear Mr. Rios:

The Boeing Company – C17 Program (ID 800038) has proposed to revise their Title V permit by adding a new boiler (D571) that will replace an existing boiler (D196). This is an aircraft manufacturing facility (SIC 3721) located at 2401 E. Wardlow Road, Long Beach, CA 90807. This proposed permit revision under Application No. 556846 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on November 14th.

If you have any questions or need additional information regarding the proposed permit revision, please call Stacey Ebner at (909) 396-2504.

Very truly yours,
