NOTICE OF PROPOSED RENEWAL OF TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is the air pollution control agency for the four county region including all of Orange County and non-desert portions of Los Angeles, Riverside and San Bernardino Counties. Rule 3006 requires that the AQMD publish this notice prior to the renewal of a Title V permit previously issued to the facility listed below:

Tesoro Logistics Operations, LLC
24696 S. Wilmington Avenue
Carson, CA 90745
Facility ID# 174694
Facility Contact Person:
Ms. Donna M. DiRocco
Senior Environmental Specialist

This is an existing facility applying for a Title V permit renewal. This is a storage terminal (tank farm) that receives, temporarily stores, and distributes petroleum products. Products are received and distributed via pipeline transfer. The facility operates five storage tanks, two sumps, an oil-water separation system, and two internal combustion engines. The two sumps are vented passively to air pollution control systems (activated carbon).

Pursuant to Title V of the federal Clean Air Act and AQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance unless such a permit has been renewed. Accordingly, the above facility submitted a Title V permit renewal application and requested the AQMD to renew their Title V permit. The proposed permit incorporates updates to the facility information, as provided in the facility's Title V renewal application, as well as updates to all rules and regulations that are currently applicable to the facility.

As required by Title V of the federal Clean Air Act, the Title V permit includes all the emission limits, applicable requirements and operating conditions on the equipment. Title V facilities are required to certify compliance with the Title V permits in addition to recordkeeping and mandatory reporting of any deviation of the permit conditions.

The proposed renewed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA

91765 and at the Carson Library, 151 E. Carson Street, Carson, CA, CA 90745. The proposed permit can also be viewed at <http://www3.aqmd.gov/webappl/publicnotices2/Search.aspx> by entering the facility's ID number. Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. **Anyone wishing to comment on the issuance of the proposed renewal permit should submit their comments by April 1, 2015. Written comments should be submitted to:**
