To Whom It May Concern:

I am writing this letter to express my concern regarding the above mentioned subject. I was unable to attend the meeting that was held Wednesday, August 27, 2008.

My husband and I are residence of El Rancho Verdes Mobile Estates, 1501 Palos Verdes Dr. N. Spc 110, Harbor City, CA 90710. We are located 0.86 miles from the refinery.

We have experienced a sort of rumbling sound coming from the refinery at night and or early morning, which on occasion has awakened us. As a result we find a fine film/dust on our vehicles, porch railings, on the leaves of our plants and trees, etc. and also in our home. Its quite apparent if this is visibly noticeable we surely are inhaling it and as seniors we are very concerned for our health.

My husband and I both experience sore throat, sneezing, sinus irritation, occasional shortness of breath, some fatigue and eyes tearing, etc. Our neighbors here have also experienced these kinds of symptoms and are concerned as well.

Sincerely,

Marie Dominguez
