NOTICE OF RENEWAL OF TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is the air pollution control agency for all of Orange County and portions of Los Angeles, Riverside and San Bernardino Counties. Rule 3006 requires that the AQMD publish this notice prior to the renewal of a Title V permit previously issued to the facility listed below:

SFPP, LP

2359 Riverside Ave.
Bloomington, CA 92316
Facility ID# 800129

Contact Person:

Yijin Wang
Air Quality Manager
1100 Town and Country Road
Orange, CA 92868

This is an existing facility that is applying for a Title V permit renewal. It receives petroleum products via pipeline and trucks. It then distributes the products from storage tanks into tanker trucks via loading racks and pipeline. This facility operates fixed roof, internal floating roof, and external floating roof storage tanks, loading racks, a thermal oxidizer to control emissions from the loading operations of the tanker trucks, and other support equipment such as oil-water separators and sumps.

Pursuant to Title V of the federal Clean Air Act and AQMD Rule 3004(f), a Title V permit shall expire five years from the date of issuance, unless such permit has been renewed. Accordingly, the above facility has submitted a Title V renewal application and requested that AQMD renew their Title V permit. The proposed permit incorporates updates to the facility information, as provided in the facility's Title V renewal application, as well as updates to all rules and regulations that are currently applicable to the facility. The proposed permit also incorporates several changes to the permit conditions of the thermal oxidizer to include monitoring requirements per 40 CFR 64, Continuous Assurance Monitoring.

As required by Title V of the federal Clean Air Act, the Title V permits include all of the emission limits, applicable requirements and operating conditions imposed on the equipment. Title V facilities are required to certify compliance with the Title V permits in addition to recordkeeping and mandatory reporting of any deviation from the permit conditions.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA 91765 and at the Colton Public Library, 656 North 9th Street, Colton, CA. The proposed permit can also be viewed at

<http://www3.aqmd.gov/webappl/PublicNotices2/Search.aspx> by entering the facility's ID number.

Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. **Anyone wishing to comment on the issuance of the proposed permit should submit their comments in writing by October 24, 2014. Written comments should be submitted to:**

South Coast Air Quality Management District
Engineering and Compliance Office
21865 Copley Drive
Diamond Bar, CA 91765-4178
Attention: Linda Dejbakhsh, AQ Engineer II

If you are concerned primarily about zoning decisions and the process by which this facility has been sited at this location, you should contact your local city or county planning department. For additional information, please contact Ms. Linda Dejbakhsh at (909) 396-2614 or by email at LDejbakhsh@aqmd.gov.

The public may request the AQMD to conduct a public hearing on the proposed permit by submitting a Hearing Request Form (Form 500-G) to Linda Dejbakhsh at the above AQMD address. The public hearing request must contain all the information requested on the form in order for the AQMD to determine whether or not the request is valid or if a public hearing will be held. The public hearing request forms may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or downloading from the internet at <http://www.aqmd.gov/docs/default-source/grants/500-g-form.pdf?sfvrsn=2>. **Any request for a public hearing must be submitted to the AQMD no later than October 9, 2014. A copy of the public hearing request must also be sent by first class mail to the facility contact person listed above, at the same time.**

For your general information, anyone experiencing air quality problems such as dust, smoke or odors can telephone in a complaint to the AQMD by calling 1-800-CUT-SMOG (1-800-288-7664).
