Mr. Gerardo Rios
U. S. EPA, Region IX
Mail Stop A-5-2
75 Hawthorne Street
San Francisco, California 94105

Dear Mr. Rios:

Proposed Minor Revision to Title V Permit for Exide Technologies, Vernon (ID# 124838)

The South Coast Air Quality Management District (SCAQMD) has proposed to issue a revised, Title V Permit for Exide Technologies located at 2700 South Indiana Street, Vernon, CA 90058. This revision is considered to be a minor revision. A public notice is not required.

Exide (ID 124838) has proposed to revise their Title V permit by modifying:

Section H (Permits to Construct) – Minor Revision

Appl. No.	Description	Device(s)	Process	System
546549	Alteration to the cupola furnace feed room baghouse (C48) by the addition of a HEPA filter dust collector (C192).	C48, C192	1	11
546551	Alteration to the battery crusher air pollution control system by the replacement of the scrubber housing with a new housing with more distance between the scrubber enclosure (C165) and the HEPA filter housing (C172), and by the addition of prefilters in the HEPA filter housing.	C165, C172	1	1

This Title V permit revision is covered under Application No. 546547. Attached for your 45-day review is a draft of the proposed revisions to Facility Permit Section H and the engineering evaluation. The proposed permit revision will reduce lead and other toxic metal emissions. **It is requested that the review of this draft permit be expedited and completed by May 1, 2013, in order to facilitate the issuance of this Permit to Construct to reduce lead, toxic emissions and health risk from this facility.**

This package is being submitted electronically to the e-mail address R9AirPermits_SC@epa.gov in order to facilitate your review. Questions regarding the Exide TV final permit may be directed to Marco A. Polo of my staff at (909) 396-2633.

Sincerely,

Danny Luong, P.E.
