San Francisco, CA 94105

Dear Mr. Rios:

Proposed De-Minimis Revision to Title V Permit for Los Angeles County Sanitation District (LACSD), Calabasas Landfill Facility (ID # 042514)

Enclosed for your 45-day review is the proposed revisions to the Title V Permit for LACSD, Calabasas Landfill Facility (ID # 042514), located at 15200 Lost Hills Road, Agoura, CA, in Los Angeles County. This revision is considered to be a de-minimis significant permit revision for the modifications to the existing air stripper permit, F69100. Modifications include landfill gas condensate supply piping to the air stripper influent storage tank, and provision for the condensate direct feed line to air stripper for batch operation. Air stripper exhaust is treated by the air pollution control equipment. There is no change in air stripper influent treatment throughput and, hence, no emission increase is expected. We are enclosing proposed section D, which includes the revised permit as shown below, and the engineering evaluation.

SECTION D PERMITS TO CONSTRUCT AND PERMITS TO OPERATE

Appl. No.	Description
501731	Air Stripping

The initial Title V permit for this facility was issued on May 6, 2006, and permit revision (01) was issued on December 7, 2007.

This request is being made via electronic submittal in order to facilitate your review. If you have any questions or need additional information, please contact Mr. Gaurang Rawal at (909) 396-2543 or by email at grawal@aqmd.gov.

Sincerely,

Jay Chen, P.E.
