San Francisco, CA 94105

Reference: Proposed Title V Permit Renewal for Chevron USA, Inc.:  
Montebello Terminal, ID# 800032  
Van Nuys Terminal ID #2526

Dear Mr. Rios:

Enclosed for your 45-day review are the proposed Title V permit renewals for two Chevron USA facilities, the Chevron Van Nuys Terminal, ID# 2526, located at 15359 Oxnard Street, Van Nuys, CA, and the Chevron Montebello Terminal, ID# 800032, located at 601 S. Vail Avenue, Montebello, CA. Along with a copy of the public notice are each facility's proposed renewed Title V permit, Title V permit renewal application, Statement of Basis, and engineering evaluation(s).

In addition, a revision is being proposed for the Van Nuys Terminal to incorporate equipment description corrections on four loading racks. As there are no emissions associated with this revision, it is considered a minor permit revision and no public review is required. A copy of the evaluation for the minor revision is enclosed and the corrections on the four loading racks are included in Section D of the proposed renewal permit for the Van Nuys Terminal.

AQMD intends to publish the public notice and make these renewal permits available for public viewing in accordance with Rule 3006, for 30 days beginning on or about July 15<sup>th</sup>, 2014.

Questions on the proposed permits for either facility may be directed to Mr. Thomas Liebel, Senior Air Quality Engineer, at (909) 396-2554, or by email at [tliebel@aqmd.gov](mailto:tliebel@aqmd.gov).

Sincerely,

Andrew Y. Lee, P.E.  
Senior Engineering Manager  
Engineering and Compliance
