Proposed Minor Revision to Title V Facility Permit for BP West Coast Products LLC., Carson Refinery
(Facility ID #131003)

Dear Gerardo:

Enclosed for your 45-day review is the proposed revision to the Title V facility permit for BP West Coast Products LLC (BP) located at 2350 E. 223rd Street, Carson, California. BP's initial Title V permit was issued on September 1, 2009. The revision proposed under application A/N 535606 is a Minor Revision.

The South Coast Air Quality Management District (AQMD) has received an application for Permit to Construct from BP for the equipment described in table below. The AQMD has evaluated the application and has made a preliminary determination that the equipment will operate in compliance with all of the applicable requirements of our Rules and Regulations. The revised portion of the permit and our evaluation report are attached for your review.

Application No.	Equipment	Purpose
535604	No. 3 Catalytic Reformer Unit	To modify No. 3 Catalytic Reformer Unit to allow the fractionator tower (device D509) to operate as a dehexanizer in addition to its current operation as a deisopentanizer.

This letter is being sent to you via email in order to facilitate your review. If you have any questions or wish to provide comments regarding this project, please contact the processing engineers, Ms. Hanh Le, at (909) 396-2522 or by email at hle@aqmd.gov.

Sincerely,

Jay Chen
