Re: Notice of Proposed Decision - Significant Title V Permit Modification F-01059-8.

Dear Mr. Rios:

Enclosed for your review and comment are the District's proposed revised Title V operating permit F-01059-8, engineering evaluation/statement of basis, Public Notice, and Authority to Construct (ATC) for Recology Hay Road. The landfill is located at 6426 Hay Road in Vacaville, California.

This notification is given in accordance with District Rule 3.8, Section 409.1 (a 30-day public notice comment period) and Sections 409.1.e and 411 (a concurrent 45-day regulatory review period) for a significant Title V permit modification. The proposed revisions are necessary due to the pending issuance of ATC C-10-58, which proposes to permit a new propane-fired internal combustion (IC) engine powering a truck tipper.

ATC application C-10-58 has been processed in accordance with the Enhanced New Source Review requirements of District Rule 3.4, Section 404. Section 404.1 of District Rule 3.8, requires that upon the implementation of ATC C-10-58 into Permit to Operate P-5-11 Recology request, in writing, that the District amend the Title V operating permit to incorporate the proposed modifications.

The notice of preliminary decision for this project will be published in the Vacaville Reporter newspaper approximately three days from the date of this letter. Please submit your written comments concerning this project within the 45-day comment period which will begin on the date that the documents are received by your agency. The District respectfully requests notification of the date that the enclosed documents are received.

If you have any questions, please contact Courtney Graham at (530) 757-3655 or toll-free in the (530), (916), and (707) area codes at (800) 287-3650.

Sincerely,

Susan K. McLaughlin  
Supervising Air Quality Engineer
