### BACKGROUND

Application 553907 was submitted for Title V permit renewal on July 2, 2013. The Initial Title V permit was issued on January 26, 2009 which expires at the end of a 5-year period. The most recent Title V permit revision was issued April 24, 2013.

Ultramar, Inc filed their Title V renewal application on time, i.e. at least 180 days, but no more than 545 days prior to the date of permit expiration, per Rule 3003 (a) (6)-amended March 16, 2001. Therefore, per rule 3004 (f) (4), the existing permit shall remain in effect ("application shield") until this renewal permit application is issued or denied.

A Statement of Basis and permit summary for Title V facility permit renewal has been prepared. Title V permit renewal is subject to public notice, therefore, prior to the issuance of the renewed TV permit, the renewed TV permit draft will be sent to EPA for a 45-day review and a 30-day public notice published in a local newspaper.

Changes will be made to the permit as follows:
