NOTICE OF PROPOSED TITLE V PERMIT

The South Coast Air Quality Management District (AQMD) is hereby giving notice of its intent to issue the initial Title V permit pursuant to Title V of the federal Clean Air Act for the following existing facility:

Facility location and contact person

Air Products and Chemicals, Inc.

23300 S. Alameda St..

Carson, California 90810

Facility ID# 3417

Contact Person:

Jim Reeber

Environmental Specialist

This is an existing facility involved in the production of hydrogen for sale to local refineries. Pursuant to Title V of the federal Clean Air Act, AQMD is proposing to reissue existing permits for this hydrogen plant in the form of Title V permit. The Title V permit will contain all of the emissions limits and operating conditions contained in the previous permits and may require additional monitoring. The new Title V permit may also require additional recordkeeping, mandatory reporting of any violations of permit conditions, and annual certification by the permittee that the facility is in compliance with the new permit. The permit will be enforceable by the AQMD, the federal government, and citizens.

The proposed permit is available for public review at AQMD, 21865 Copley Dr., Diamond Bar, CA, and at the Los Angeles City Public Library, 1300 N. Avalon Blvd., Wilmington, CA 90744.

Information regarding the facility owner's compliance history submitted to the AQMD pursuant to California Health & Safety Code Section 42336, or otherwise known to the AQMD based on credible information, is also available from the AQMD for public review. For more information or to review additional supporting documents, please call Andrew Chew at (909) 396-2493. Written comments should be submitted to Jay Chen, AQMD Senior Manager, 21865 Copley Dr., Diamond Bar, CA, 91765-4182. Comments must be received by 5:00 p.m., Tuesday, June 24, 2008. The AQMD will consider all public comments and may revise the Title V permit in accordance with AQMD Rules and Regulations.

The public may request AQMD to conduct a public hearing on the proposed permits by submitting a Hearing Request Form (Form 500-G) to Jay Chen at the above AQMD address. The AQMD will hold a public hearing if there is evidence that the proposed permit is not correct or is not adequate to ensure compliance with regulatory requirements, and a hearing will likely provide additional information that will affect the drafting and/or issuance of the permit. Public hearing request forms and the schedule of public hearings may be obtained from the AQMD by calling the Title V hotline at (909) 396-3013, or from the internet at <http://www.aqmd.gov/titlev/notices.html>. Requests for public hearings are due by 5:00 p.m., Friday, June 6, 2008. A copy of the hearing request must also be sent by first class mail to the appropriate facility contact person listed above.
