Mr. Gerardo Rios
Chief – Permits Office
U. S. EPA, Region IX
75 Hawthorne Street, Air 3
San Francisco, CA 94105

Dear Mr. Rios:

Bristol Fiberlite Industries, Inc. (ID 111110) has proposed to revise their Title V permit by modifying a curing oven by replacing an existing natural-fired gas burner with a low-NOx burner. This is a translucent skylight manufacturing facility (SIC 3446) located at 401 E. Goetz Avenue, Santa Ana, CA 92707. This proposed permit revision as requested under Application Number 519297 is considered as a “minor permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on May 27th.

If you have any questions or need additional information regarding the proposed permit revision, please call Ed Muehlbacher at (909) 396-2703.

Very truly yours,

A handwritten signature in black ink that reads 'Ed Muehlbacher'.
