NOTICE OF INTENT TO ISSUE A CLEAN AIR ACT
TITLE V FEDERAL OPERATING PERMIT

The Region 9 office of the United States Environmental Protection Agency (EPA) requests public comment on a draft Operating Permit for the Tri-Cities Landfill, a closed, municipal solid waste treatment and disposal facility located in Scottsdale, Arizona on the reservation of the Salt River Pima-Maricopa Indian Community.

This source is required to obtain a Clean Air Act Title V Operating Permit in accordance with 40 CFR Part 71. The permit contains all the Clean Air Act requirements that apply to the source and requires that the source conduct monitoring sufficient to enable US EPA and the public to determine whether the source is complying with the applicable air quality requirements. This proceeding is subject to the administrative requirements of 40 CFR 71.11.

A copy of the draft permit prepared by US EPA, the statement of basis for the draft permit, the application, and all supporting materials submitted by the source are available for review by the public at the following locations:

- 1) At the offices of the Salt River Pima-Maricopa Indian Community, 13602 Beeline Highway, Scottsdale, Arizona 85256
- 2) By contacting the permit writer, Eugene Chen, at (415) 947-4304 or chen.eugene@epa.gov, or by writing to:

Eugene Chen (AIR-3)
U.S. EPA, Region 9
75 Hawthorne Street
San Francisco, CA 94105

- 3) At the US EPA Region 9 office (address above), Monday through Friday, from 9:00 A.M. until 4:00 P.M., excluding federal holidays
- 4) Online at the US EPA Region 9 website at: <http://www.epa.gov/region9/air/permit/r9-permits-issued.html#pubcomment>
- 5) Online at www.regulations.gov under Docket ID No. EPA-R09-OAR-2013-0612

Pursuant to 40 CFR 71.11(f), EPA shall hold a Public Hearing if the Regional Administrator finds, on the basis of requests, a significant amount of public interest in a draft permit. Requests for a Public Hearing must contain the reasons for requesting a hearing. If a Public Hearing is granted, a public notice stating the date, time and place of the hearing will be made at least 30 days prior to the hearing and the comment period will be extended through the hearing date.

A legal ad to be published in the Arizona Republic on August 20, 2013 will announce EPA's proposal to issue the renewed Title V permit. All comments upon or objections to the draft permit and requests for a Public Hearing must be sent or delivered to Eugene Chen at the address shown above by September 19, 2013. An extension of the 30-day comment period may be

granted if the request for an extension adequately explains why more time is required to prepare comments. All comments received prior to the end of the public comment period and all comments made during a public hearing will be considered in arriving at a final decision on the permit. The final permit is a public record that can be obtained upon request. A statement of reasons for changes made to the draft permit and responses to comments received will be sent to all persons who commented on the draft permit.

If you believe any condition of the draft permit is inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period.

If you would like to be added to the mailing list for updates on a particular facility or for updates on EPA's Title V Operating Permit program, please contact EPA at the address listed above. Please bring the foregoing notice to the attention of all persons who you know would be interested in this matter.
