**Re: Notice of Final Action - Minor Title V Permit Modification
District Facility # S-1751
Project # S-1110987**

Dear Mr. Rios:

The Air Pollution Control Officer has modified the Title V permit for Rio Bravo Jasmin by incorporating S-1751-10-3. This modification authorizes the storing of biomass in an existing storage silo and revises the dust collector emissions factor.

Enclosed is the modified Title V permit. The application and proposal were sent to US EPA Region IX on March 21, 2012. No comments were received following the District's preliminary decision on this project.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Leonard Scandura, Permit Services Manager, at (661) 392-5500.

Sincerely,

David Warner
Director of Permit Services
