NOTICE OF PROPOSED ACTION

NOTICE IS HEREBY GIVEN that the Clark County Department of Air Quality and Environmental Management (DAQEM) received an application for renewal of a Part 70 Operating Permit (Title V) for a stationary source of regulated air pollutants on September 28, 2007. The source, Calnev Pipeline LLC, is located at 5059 North Sloan Avenue, Las Vegas, Nevada. The Control Officer has reviewed the applications and determined that the operation of the stationary source can comply with the Clark County Air Quality Regulations (AQR) for all regulated air pollutants and should be approved.

This notice announces the 30-day public comment period, commencing on Saturday, September 24, 2011 ending on Sunday, October 23, 2011 and is being issued pursuant to Nevada Revised Statute 445 and the AQR.

The maximum potential to emit of regulated air pollutants due to the operation of this source will be as follows:

$PM_{10} = 8.35$; $PM_{2.5} = 0.03$; $NO_x = 2.52$; $CO = 2.85$; $SO_x = 0.16$; $VOC = 183.93$; $HAP = 10.33$

The technical support document (TSD), which describes the process, discusses compliance with relevant regulations, presents emission calculations, air quality impacts, and the proposed permit are available for public inspection at DAQEM, 500 S. Grand Central Parkway, Las Vegas, Nevada 89155, telephone (702) 455-5942 or the Clark County website: <http://www.clarkcountynv.gov/Depts/daqem/Pages/PermittingPublicNotices.aspx>. Business hours at DAQEM are between 8:00 a.m. and 5:00 p.m. The TSD, and the proposed permit with enforceable conditions, will be mailed to interested persons upon request. Additional documentation may be requested by contacting Richard D. Beckstead, Permitting Manager, DAQEM. Any fees associated with this request will be billed at a cost consistent with DAQEM policy and NRS 239.

Any person may submit written or oral comments to the Control Officer at the address given above. All comments must be received by Monday, October 24, 2011 at 5:00 p.m., the close of this 30-day notice. The written comments will be retained and considered prior to the final determination by the Control Officer. A public hearing will be held on the proposed issuance of this permit if a request is made during the public comment period.

Published on the 23rd day of September, 2011.

Richard D. Beckstead, Permitting Manager
