**Re: Notice of Final Action - Minor Title V Permit Modification
District Facility # C-6923
Project # C-1123119**

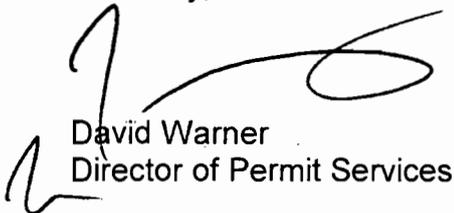

Dear Mr. Kandolha:

The Air Pollution Control Officer has modified the Title V permit for Ampersand Chowchilla Biomass LLC by incorporating Authorities to Construct (ATC's) C-6923-5-3 and '5-5. These ATC's authorized the modification of one flyash handling, storage and loadout operation to increase the daily and annual throughput rates.

Enclosed is the modified Title V permit. The application and proposal were sent to US EPA Region IX on March 13, 2013. No comments were received following the District's preliminary decision on this project.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Jim Swaney, Permit Services Manager, at (559) 230-5900.

Sincerely,

David Warner
Director of Permit Services
