Dear Mr. Rios:

Vertis Inc. (ID 037881) has proposed to revise their Title V permit by adding two new inkjet printers and for an administrative change to split two printing lines currently permitted as one permit unit into two permit units. This is a commercial printing facility (SIC 2752) located at 3200 Pomona Blvd., Pomona, CA 91768. This proposed permit revision as requested under Application Number 484165 is considered as a “de minimis significant permit revision” to their Title V permit. Attached for your review are the permit evaluation and draft permit for the proposed permit revision. Also, enclosed are Section K and Appendix B reflecting updates to some of the rules applicable to the facility. With your receipt of the proposed Title V permit revision today, we will note that the EPA-45 day review period will begin on October 22, 2008.

If you have any questions or need additional information regarding the proposed permit revision, please call Hamed Mandilawi at (909) 396-3275.

Very truly yours,
