**Re: Notice of Final Action - Minor Title V Permit Modification
District Facility # C-948
Project # C-1093667**

Dear Mr. Rios:

The Air Pollution Control Officer has modified the Title V permit for PPG Industries by incorporating Authority to Construct C-948-18-3. Authority to Construct C-948-18-3 was issued to authorize the relocation within the same stationary source of the IC engine powering the standby air compressor.

Enclosed is the modified Title V permit. The application and proposal were sent to US EPA Region IX on December 15, 2009. No comments were received following the District's preliminary decision on this project.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Jim Swaney, Permit Services Manager, at (559) 230-5900.

Sincerely,

David Warner
Director of Permit Services
