Re: Proposed Revision to Title V Permit (A/N 497362) for Long Beach City, SERRF Project (ID# 044577)

Dear Mr. Rios:

Enclosed for your 45-day review are the proposed revisions to the Title V Permit for Long Beach City, SERRF Project, located at 120 Henry Ford Ave., Long Beach, CA 90802. This revision is considered to be a minor revision and a public notice is not required. Due to the urgency of this construction project, we respectfully request your expedited review of this proposal on or before November 27, 2009. We are enclosing proposed Section H, including the revised permits as shown below and an engineering evaluation.

## SECTION H: PERMITS TO CONSTRUCT

Appl. Nos.	Description
497359-61	Adding powder activated carbon injection to each of the 3 air pollution control systems.
497354	Powder activated carbon injection system.

The initial Title V permit for this facility was effective April 12, 2004. The facility has filed these applications as described above. The proposed changes to Section H will not result in emission increases.

This request is being made via electronic submittal in order to facilitate your review. If you have any questions or need additional information, please contact Mr. Ted Kowalczyk at (909) 396-2592 or by email at [tkowalczyk@aqmd.gov](mailto:tkowalczyk@aqmd.gov).

Sincerely,

Jay Chen, P.E.
