

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION IX

75 Hawthorne Street
San Francisco, Ca. 94105-3901

JUN 1992

James D. Boyd
Executive Officer
California Air Resources Board
1102 "Q" Street
P.O. Box 2815
Sacramento, CA 95812

Dear Mr. Boyd:

In response to your request of March 24, 1992, I am pleased to inform you that we are delegating to your agency authority to implement and enforce certain categories of New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAPS) on behalf of the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD). We have reviewed your request for delegation and have found the SJVUAPCD's programs and procedures to be acceptable. This delegation includes authority for the following source categories:

NSPS

**40 CFR
Part 60
Subpart**

- Adoption and Submittal of State Plans for Designated Facilities B ✓
- Emission Guidelines and Compliance Times Industrial-Commercial-Institutional Steam Generating Units C ✓
- Small Industrial-Commercial-Institutional Steam Generating Units Db ✓
- Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels) for Which Construction, Reconstruction or Modification Commenced After July 23, 1984 Dc ✓
- New Residential Wood Heaters Kb ✓
- Rubber Tire Manufacturing Industry AAA ✓
- Volatile Organic Compound (VOC) Emissions from the Polymer Manufacturing Industry BBB ✓
- DDD ✓

Under the Clean Air Act Amendments of 1990, the U.S. EPA may delegate the Radionuclide NESHAP to an agency of the State which has the capability to enforce these standards and has developed an adequate plan for doing so. The California Department of Health Services (DHS) is the lead agency for regulating all radioactive materials and has accepted responsibility for the Radionuclide NESHAP Program, as per the letter from Jack S. McGurk, Chief, Environmental Health Division, to David P. Howekamp, Director, Air and Toxics Division, dated February 21, 1992. Questions regarding the delegation of the Radionuclide NESHAP Program should be referred to DHS.

Acceptance of this delegation constitutes your agreement to follow all applicable provisions of 40 CFR Parts 60 and 61, including use of EPA's test methods and procedures. As of the effective date of this delegation, SJVUAPCD will have primary authority to enforce the above standards. EPA will retain independent enforcement authority, and will exercise such authority in a manner consistent with EPA's timely and appropriate guidance, and our enforcement agreement. As such, all notifications and reports required of sources by the above standards should be sent to you, with a copy to our office. The delegation is effective upon the date of this letter unless the U.S. EPA receives written notice from you or the District of any objections within 10 days of receipt of this letter. A notice of this delegated authority will be published in the Federal Register in the near future.

Sincerely,

Daniel W. McGovern
Regional Administrator
