OFFICE OF THE
REGIONAL ADMINISTRATOR

Dear Mr. Cackette:

In response to your request of March 30, 1992, I am pleased to inform you that we are delegating to your agency authority to implement and enforce certain categories of New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAPS) on behalf of the Monterey Bay Unified Air Pollution Control District (MBUAPCD). We have reviewed your request for delegation and have found the MBUAPCD's programs and procedures to be acceptable. This delegation includes authority for the following source categories:

NSPS

Industrial-Commercial-Institutional Steam
Generating Units

40 CFR
Part 60
Subpart

Db

Small Industrial-Commercial-Institutional
Steam Generating Units

Dc

Volatile Organic Liquid Storage Vessels
(Including Petroleum Liquid Storage Vessels)
for Which Construction, Reconstruction or
Modification Commenced After July 23, 1984

Kb

New Residential Wood Heaters

AAA

Rubber Tire Manufacturing Industry

BBB

Volatile Organic Compound (VOC) Emissions from
Petroleum Refinery Wastewater Systems

QQQ

Magnetic Tape Coating Facilities

SSS

Industrial Surface Coating: Surface Coating of
Plastic Parts for Business Machines

TTT

Polymeric Coating of Supporting Substrates
Facilities

VVV

Under the Clean Air Act Amendments of 1990, the U.S. EPA may delegate the Radionuclide NESHAP to an agency of the State which has the capability to enforce these standards and has developed an adequate plan for doing so. The California Department of Health Services (DHS) is the lead agency for regulating all radioactive materials and has accepted responsibility for the Radionuclide NESHAP Program, as per the letter from Jack S. McGurk, Chief, Environmental Health Division, to David P. Howekamp, Director, Air and Toxics Division, dated February 21, 1992. Questions regarding the delegation of the Radionuclide NESHAP Program should be referred to DHS.

Acceptance of this delegation constitutes your agreement to follow all applicable provisions of 40 CFR Parts 60 and 61, including use of EPA's test methods and procedures. As of the effective date of this delegation, MBUAPCD will have primary authority to enforce the above standards. EPA will retain independent enforcement authority, and will exercise such authority in a manner consistent with EPA's timely and appropriate guidance, and our enforcement agreement. As such, all notifications and reports required of sources by the above standards should be sent to you, with a copy to our office. The delegation is effective upon the date of this letter unless the U.S. EPA receives written notice from you or the District of any objections within 10 days of receipt of this letter. A notice of this delegated authority will be published in the Federal Register in the near future.

Sincerely,

Daniel W. McGovern
Regional Administrator
