Dear Mr. Ford:

In response to your request of February 9, 1987, I am pleased to inform you that we are delegating to your agency authority to implement and enforce the New Source Performance Standard (NSPS) category in 40 CFR Part 60: Subpart 000, Standards of Performance for Nonmetallic Mineral Processing Plants. We have reviewed your request for delegation and have found your present programs and procedures to be acceptable.

Your letter also requested delegation of NSPS, Subpart SSS, Magnetic Tape Manufacturing. We are unable to delegate that Subpart at this time because it has not yet been promulgated in the Federal Register. We will delegate Subpart SSS to your agency when promulgation has occurred.

Acceptance of this delegation constitutes your agreement to follow all applicable provisions of 40 CFR Part 60, including use of EPA approved test methods and procedures. The delegation is effective upon the date of this letter unless the USEPA receives written notice from you of any objections within 10 days of receipt of this letter. A notice of this delegated authority will be published in the Federal Register in the near future.

Sincerely,
