

APPENDIX B

QA/QC SUMMARY TABLES AND CHAIN-OF-CUSTODY RECORDS,
JULY 2003 AND JANUARY 2004

Table B-1. Summary of Sampling QA/QC, July 2003 and January 2004, Applied Materials Building 1, Santa Clara, California

Who performed sampling (Firm name/address/contact/phone):	Weiss Associates 5801 Christie Avenue, Suite 600, Emeryville, CA 94608 Joyce Adams (510) 450-6000
Chain of Custody forms completed for all samples?	YES
Field parameters stabilized prior to taking sample?	YES
Zero headspace in sample containers (applicable to VOCs only)?	YES
Samples preserved according to analytical method?	YES
Required field QA/QC samples taken?	YES

*Explain any "NO" answers:

Table B-2. Summary of Analytical QA/QC, July 2003 and January 2004, Applied Materials Building 1, Santa Clara, California

Who performed analysis (lab name/address/contact/phone):	STL San Francisco 1220 Quarry Lane Pleasanton, CA 94566 Afsaneh Salimpour, 925-484-1919
Analytical methods (by method number and chemical category):	12 samples analyzed by USEPA 8010 –Halogenated Volatile Organic Compounds
Is the lab state-certified for the above analytical methods?	YES
Analyses performed according to standard methods?	YES
Sample holding times met?	YES
Analytical results reported for all values above MDL?	YES
QA/QC analyses run consistent with analytical methods?	YES
QA/QC results meet all acceptance criteria?	YES
QA/QC results and acceptance criteria on file?	YES

*Explain any "NO" answers:
