Capture Analysis

- Kim received the 6-month report outline and will review today and get back to URS.
- URS did receive the WAF for the added funding from EPA.

Construction/Validation/Performance

- The 19th Street differential pressure transducer 4B is getting reworked by the manufacturer and is expected back by mid-June.
- Adam Harvey, Bob Kemmerle, Mike Lowe, and possibly Mike Garland, are planning a monthly inspection on 24 May.
- URS submitted the draft November monthly report to the city last week and waiting on comments. Stacey is asking for a little time as they are currently going through some transitions, but she will either submit her comments by the end of day 23 May or have a firm date as to when they will be sent.
- URS is awaiting comments from EPA and CH2M Hill on the draft six-month report table of contents.
- URS will be surveying the new Colima well on 24 May.
- URS is waiting for February final data and March validated data from EPA.
- Next quarterly groundwater sampling is scheduled for late July.
- Lana will provide URS the cost data by category for the Cost and Performance Report within 2-3 weeks.

General Discussion

- Stacey announced that Bill Bryden is no longer with the department. Principal Engineer, Matt Litchfield, will be the next director of water utilities, and Director of Water Reclamation, John Perry, will oversee water utility as well.
- Stacey said her department will be meeting on 23 May to talk about the revised letter and should get that out by 24 May. They will also discuss the sand separation issue with 112 and the capture zone analysis.
