| <input type="checkbox"/> Tom Perina/CH2M Hill | <input type="checkbox"/> Rich Coffman/DTSC |
| <input type="checkbox"/> Bob Kemmerle/E2 | |

Contract Issues

- Kim said that **only** what the City commented on in the 18-Month Report is what should be reflected in the Final 18-Month Semi-annual Report from URS. Kim stated that URS can use text from her O&F letter to help respond to any comments made by the City in the 18-Month report.
- Kim requested that URS should make a "Final Draft" for Kim and Tom only to review. (This deliverable is additional work not previously included in the work plans or budget estimates).
- If the performance criteria were met, state that in the Final Draft and remove any reference to meeting O&F. Kim will handle the O&F determination in the Letter.
- Kim requested in a phone call with Adam last week that the capture plots for all 20 months be included in the report since they have been revised for EW-112A water level correction.
- The scenarios for MUNI-104A and 104B may be included in the report if they respond to a City comment on the 18-Month Report, otherwise they should not be included.
- Adam sent an email to Kim confirming no loss of capture on the west side for all 20 months using the corrected EW-112A water levels, assuming that both 104A and 104B are in the intermediate zone.

Construction/Validation/Performance

- Kit reported on the weekly construction report: no new issues, just continuing to monitor the performance at EW-108S.
- Matt reported to Kit that they began the spinner test on the 19th Street well this morning (9 July) at 9:00 A.M.
- Mark reported from 19th Street Plant that the spinner test has been completed and one more sample to collect; the effort is almost complete. Mark will forward results and spinner test summary to Adam and copy Kim.
- URS is addressing the City's comments in order to complete the 18-Month Report.
- Lana will check to see if they have the hard copy and CD of the 12-Month Final Report with response to comments, which were distributed on 6 April 2007. Kim requested that URS forward e-mail electronic copies of the Final 12-Month Report and response to comments to Lana and Mark.

General Discussion

- No conference call is scheduled for Monday, 16 July 2007.

Next Conference Call

Monday, 23 July 2007, 2:00 PM Call in #: 415-947-8543, Access Code 2332#

The minutes of this meeting represent the writer's understanding of the events as discussed. Should an attendee's understanding differ, please contact Adam Harvey at 916-679-2002, or adam.harvey@urscorp.com. The minutes contained herein will stand if not corrected within ten (10) days of this writing.
