I. JURISDICTION

1. This Administrative Order on Consent ("Consent Order") is issued pursuant to the authority vested in the President of the United States by Section 122(g)(4) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. § 9622(g)(4), to reach settlements in actions under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607. The authority vested in the President has been delegated to the Administrator of the United States Environmental Protection Agency ("U.S. EPA") by Executive Order 12580, 52 Fed. Reg. 2923 (Jan. 29, 1987), and was further delegated to the Regional Administrators of the U.S. EPA by Delegation No. 14-14-E (issued May 11, 1994, amended by memorandum May 19, 1995). Within U.S. EPA Region IX, this authority has been delegated to the Superfund Division Director by a Regional Order entitled "De Minimis Settlements," dated September 29, 1997. The State has jurisdiction over the matters set forth herein pursuant to the California Hazardous Substance Account Act, California Health and Safety Code Section 25300 et seq. (the "California Hazardous Substance Account Act") and Section 121(f) of CERCLA, 42 U.S.C. § 9621(f). The State has claims against the Respondents, as defined herein, pursuant to CERCLA Section 107(a), 42 U.S.C. § 9607(a).

2. This Consent Order is issued to the persons, corporations, or other entities identified in Appendix A ("Respondents"). Each Respondent agrees to undertake all actions required of it, him, or her by this Consent Order. Each Respondent further consents to and will not contest the U.S. EPA's jurisdiction to issue this Consent Order or to implement or enforce its terms.

3. The U.S. EPA and the Respondents agree that the actions undertaken by the Respondents in accordance with this Consent Order do not constitute an admission of any liability by any Respondent. The Respondents do not admit, and retain the right to controvert in any subsequent proceedings (other than proceedings to implement or enforce this Consent Order), the validity of the Statement of Facts contained in Section V (page 6) or the Determinations contained in Section VI (page 10) of this Consent Order.

II. STATEMENT OF PURPOSE

4. By entering into this Consent Order, the mutual objectives of the Parties are:

a. with respect to the Respondents identified in Appendix B, "Tier I Respondents," as provided in Section XII (Tier I De Minimis Covenants, page 14), and subject to the applicable reservations and conditions of this Consent Order:

(1) to reach a final settlement among the Parties with respect to the Operating Industries, Inc. Superfund Site (the "Site" or the "OII Site") pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), that allows these Respondents to make a cash payment, including a premium, to resolve their alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for injunctive relief with regard to the Site and for response costs incurred and to be incurred at or in connection with the Site, thereby reducing litigation relating to the Site;

(2) to simplify the remaining administrative and judicial enforcement activities concerning the Site by eliminating a substantial number of parties from further involvement at the Site; and

(3) to obtain settlement with these Respondents for their fair share of response costs incurred and to be incurred at or in connection with the Site by the Hazardous Substance Superfund and by private parties, and to provide for full and complete contribution protection for these Respondents with regard to the Site, pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5).

b. with respect to the Respondents identified in Appendix C, "Tier II Respondents," as provided in Section XIII (Tier II De Minimis Covenants, page 16), and subject to the applicable reservations and conditions of this Consent Order:

(1) to reach a settlement among the Parties with respect to the Site pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), that allows these Respondents to make a cash payment, including a premium, to resolve their alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for injunctive relief with regard to the Site and for response costs incurred and to be incurred at or in connection with the Site, subject to certain reservations regarding unknown conditions or information, thereby reducing litigation relating to the Site;

(2) to simplify the remaining administrative and judicial enforcement activities concerning the Site by significantly reducing the further involvement of a substantial number of parties;

(3) to obtain settlement with these Respondents for their fair share of response costs incurred and to be incurred at or in connection with the Site by the Hazardous Substance Superfund and by private parties, and to provide for contribution protection for these Respondents with

regard to the Site, subject to certain reservations regarding unknown conditions or information, pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5).

III. PARTIES BOUND

5. This Consent Order shall apply to and be binding upon the U.S. EPA, upon the State, and upon the Respondents and their heirs, successors and assigns. Any change in ownership, political configuration, or corporate or other legal status of a Respondent, including, but not limited to, any transfer of assets or real or personal property, shall in no way alter such Respondent's responsibilities under this Consent Order. Each signatory to this Consent Order certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Order and to legally bind the party represented by him or her.

V. STATEMENT OF FACTS

7. The Operating Industries, Inc. landfill is a 190-acre facility located at 900 Potrero Grande Drive, Monterey Park, California. The landfill operated from 1948 through 1984. Over the course of its operation, the landfill accepted industrial solid, liquid and hazardous wastes, as well as municipal solid waste. Wastes accepted by the landfill include hazardous substances as defined in Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), and Sections 25316 and 25317 of the California Health and Safety Code.

8. The Site is located on the southwestern flank of the La Merced hills (also called the Montebello hills). California Highway 60 (Pomona Freeway) runs roughly east-west through the Site, dividing it into a 45-acre North Parcel and a 145-acre South Parcel.

9. The Site was proposed for inclusion on the National Priorities List ("NPL") in October 1984, and was subsequently placed on the NPL in May 1986, in accordance with Section 105(a)(8) of CERCLA, 42 U.S.C. § 9605(a)(8), as set forth at 40 C.F.R. Part 300, Appendix B.

10. The population in proximity to the Site includes the nearby residents of the City of Montebello and the City of Monterey Park, those who travel on the portion of the Pomona Freeway which transects the Site, and workers in the several businesses located on or near the Site.

11. The contaminants found at the Site include a wide variety of metals and organic compounds defined as hazardous substances by Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), and Sections 25316 and 25317 of the California Health and Safety Code. These contaminants include, but may not be limited to, the list of contaminants attached to and incorporated into this Consent Order as Appendix E.

12. Hazardous substances within the definitions of both Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), and Sections 25316 and 25317 of the California Health and Safety Code, have been and threaten to be released into the environment at or from the Site.

13. In response to a release or threatened release of hazardous substances into the environment, the U.S. EPA has undertaken response actions at the Site pursuant to Section 104 of CERCLA, 42 U.S.C. § 9604, and will undertake further response actions in the future.

14. In response to a release or a substantial threat of a release of hazardous substances at or from the Site, the U.S. EPA has completed the Remedial Investigation ("RI"), the Feasibility Study ("FS"), the Proposed Plan, and the Final Record of Decision (the "Final ROD") for the Site pursuant to 40 C.F.R. § 300.430.

15. Prior to issuing the Final ROD, the U.S. EPA identified three operable units at the Site: Site Control and Monitoring ("SCM"); Leachate Management ("LM"); and Gas Migration Control and Landfill Cover ("Gas Control and Cover"). The U.S. EPA identified the first two operable units (SCM and LM) to facilitate interim remedial actions at the Site. The SCM and LM operable units were the subject of two interim Records of Decision ("RODs"), which were terminated upon issuance of the superseding Final ROD, as discussed below. The U.S. EPA identified the third operable unit to accelerate the final remedial action for landfill gas control and the landfill cover. The third Record of Decision selects a permanent remedy for this operable unit (the "Gas Control and Cover ROD"); unlike the previous two interim RODs, this ROD continues in effect in conjunction with the Final ROD. On September 30, 1996, the U.S. EPA issued the Final ROD for the OII Site, which selects a permanent remedy for groundwater contamination as well as for the matters previously addressed by the interim SCM and LM RODs. The final remedy for the OII Site (the "Final Remedy") is comprised of the Gas Control and Cover ROD and the Final ROD.

16. In response to a release or threatened release of hazardous substances into the environment, DTSC has undertaken response actions at the Site under Sections 25355 and 25358.3 of the California Health and Safety Code, and will undertake response actions in the future.

17. In performing response actions at or in connection to the Site, the United States and the State have incurred and will continue to incur response costs.

18. The first partial consent decree for the OII Site, captioned United States, et al. v. Chevron Chemical Company, et al., No. CV 88 7196 (MRP)Kx, was entered by the Court on May 11, 1989 (the "First Decree"). This decree required performance of the work necessary to implement the first and second interim RODs for the Site (the SCM and LM RODs), and raised funds to pay for this work.

19. A second partial consent decree, captioned United States, et al. v. American Petrofina Exploration Co., et al., No. CV 88 7196 (MRP)Kx, was entered on September 17, 1991 (the "Second Decree"). This decree raised additional funds to pay for the work required by the First Decree.

20. A third partial consent decree, captioned United States, et al. v. Chevron Chemical Company, et al., No. CV 91-6520-MRP(Kx), was entered on March 30, 1992 (the "Third Decree"). The Third Decree required the performance and funding of a major portion of the work required by the Gas Control and Cover ROD; certain elements of the work and aspects of the funding were designated for future agreements or orders.

21. On September 17, 1992, the U.S. EPA issued an Administrative Order on Consent ("AOC 92-18") pursuant to Section 122(g)(4) of CERCLA, 42 U.S.C. § 9622(g)(4), resolving the alleged liability of certain municipalities for arranging for disposal or for transport for disposal of municipal solid waste at the Site.

22. On December 21, 1992, the U.S. EPA entered into an Administrative Settlement ("No. 92-19") with the U.S. Navy pursuant to Section 122(h) of CERCLA, 42 U.S.C. § 9622(h). This settlement, valued at approximately \$1.1 million, addressed the same subject matter as the First Decree and the Third Decree.

23. On November 2, 1993, the U.S. EPA issued a unilateral administrative order ("UAO 94-01") pursuant to Section 106 of CERCLA, 42 U.S.C. § 9606, requiring its recipients, who had failed to join earlier settlements, to perform certain response activities at the Site in cooperation with the U.S. EPA and the other persons performing work at the Site.

24. A fourth partial consent decree, captioned United States, et al. v. City of Monterey Park, et al., No. CV 94-8685 WMB (GHKx), was entered on April 4, 1995 (the "Fourth Decree"). This decree resolved the alleged liability of certain municipalities, transporters and the California Department of Transportation for arranging for disposal or for transport for disposal of municipal solid waste at the Site.

25. A fifth partial consent decree, captioned United States, et al. v. IT Corporation, et al., No. CV 96-1959 WMB(JRx), was entered on July 10, 1996 (the "Fifth Decree"). This decree addressed the same subject matter as the First Decree and the Third Decree, incorporating new defendants, including all of the recipients of UAO 94-01.

26. On March 7, 1997, the U.S. EPA issued a unilateral administrative order ("UAO 97-02") pursuant to Section 106 of CERCLA, 42 U.S.C. § 9606, requiring its recipients, who had failed to join earlier settlements, to perform certain response activities at the Site in cooperation with the U.S. EPA and the other persons performing work at the Site.

27. A sixth partial consent decree, captioned United States, et al. v. Air Products and Chemicals, Inc., et al., No. CV 97-5440 MRP(Mcx), was entered on September 23, 1997 (the "Sixth Decree"). This decree resolved the liability of GSF Energy, Inc., the former methane recovery operator at the Site, and certain related parties for certain response actions and response costs for the Site.

28. Each Respondent listed in Appendix A arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of one or more hazardous substance(s) at the Site.

29. Each Respondent listed in Appendix A contributed less than 110,000 gallons of materials containing hazardous substances, the toxic or other hazardous effects of which are not significantly greater than any other hazardous substances at the OII Site. The volume of materials attributed by the U.S. EPA to each Respondent is identified in Appendix A.

30. The U.S. EPA estimates that the total of the response costs incurred and to be incurred at or in connection with the Site by the U.S. EPA Hazardous Substance Superfund, the State of California, and by private parties is approximately \$602 million. The payment each Respondent is required to make pursuant to this Consent Order, which is identified for each Respondent in Appendix A, is a minor portion of this total amount.

31. Respondents identified in Appendix A with a "(-)" sign next to their name have been credited with prior settlement payments, reducing the settlement amounts these Respondents are

required to pay to join this de minimis settlement. The settlement payment amount reflected in Appendix A for each such Respondent is the amount the Respondent must pay in addition to its, his or her prior payment(s).

VI. DETERMINATIONS

32. Based upon the Findings of Fact set forth above and on the administrative record for this Site, the U.S. EPA has made the following determinations:

a. The OII Site is a "facility" as that term is defined in Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).

b. Each Respondent is a "person" as that term is defined in Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).

c. Each Respondent is a potentially responsible party within the meaning of Sections 107(a) and 122(g)(1) of CERCLA, 42 U.S.C. §§ 9607(a) and 9622(g)(1).

d. There has been an actual or threatened "release" of a hazardous substance from the Site as that term is defined in Section 101(22) of CERCLA, 42 U.S.C. § 9601(22).

e. Response costs were incurred as a result of the actual or threatened "release."

f. Prompt settlement with the Respondents is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

g. The allocated share of each Respondent, as assessed by this Consent Order, is only a minor portion of the total response costs for the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

h. The amount of hazardous substances contributed to the Site by each Respondent and the toxic or other hazardous effects of the hazardous substances contributed to the Site by each Respondent are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A).

VII. ORDER

33. Based upon the administrative record for the Site and the Statement of Facts and the Determinations set forth above, and in consideration of the promises and covenants set forth herein, it is hereby AGREED AND ORDERED as follows:

VIII. PAYMENT

34. Within thirty (30) days of the effective date of this Consent Order, each Non-Federal Respondent shall pay the amount opposite its, her, or his name in Appendix A to this Consent Order, in accordance with the provisions of this Section.

35. As soon as reasonably practicable after the effective date of this Consent Order, the United States, on behalf of the Federal Respondents, shall pay the total of the amounts opposite the names of the Federal Respondents, in accordance with the provisions of this Section. The Parties to this Consent Order recognize and acknowledge that the payment obligations of the Federal Respondents under this Consent Order can only be paid from appropriated funds legally available for such purpose. Nothing in this Consent Order shall be interpreted or construed as a commitment or requirement that any Federal Respondent obligate or pay funds in contravention of the Anti-Deficiency Act, 31 U.S.C. § 1341, or any other applicable provision of law.

36. The total amount to be paid by each Respondent includes a payment for his, her or its share of: a) past response costs at or in connection with the Site; b) estimated future response costs to be incurred at or in connection with the Site; and c) a premium to cover the risks and uncertainties associated with this settlement, including, but not limited to, the risk that the total amount of response costs incurred or to be incurred at or in connection with implementing the remedies selected in the Gas Control and Cover ROD and the Final ROD for the Site by the U.S. EPA or any private party will exceed the estimate of total response costs upon which each Respondent's payment is based, and, with respect to the Respondents identified in Appendix B, "Respondents Selecting Tier I Covenants," the risk that the remedies selected in the Gas Control and Cover ROD and the Final ROD will not be sufficiently protective of human health and the environment and that additional remedial actions will be necessary.

37. Each Non-Federal Respondent, and the United States on behalf of each Federal Respondent, shall make her, his or its respective payment to the Cash Escrow Account established for the OII Site under the Fifth Decree. Payment shall be made by Electronic Funds Transfer ("EFT" or wire transfer), or by certified or cashier's check, directed as follows:

OII Fifth Partial Consent Decree Escrow Account

Beverly Hills, California 90210
ABA Routing No.: 122016066
Account No.: 47889003
Attn.: Susan G. Behning, Ass't. Vice-President

38. If a Non-Federal Respondent elects to make his, her or its payment or payments by certified or cashier's check, rather than by EFT, the Respondent shall ensure that his, her, or its check references the OII Site by name, the name and address of the Respondent, and the U.S. EPA docket number for this Order, No. 98-13.

39. Each Respondent shall transmit documentation of her, his or its EFT payment, or, if payment is made by certified or cashier's check, a copy of such check, to the U.S. EPA representative listed below at the same time that the Respondent makes such payment:

40. The funds paid by the Respondents pursuant to this Consent Order shall be used for the purposes and in the amounts determined by the U.S. EPA. The purposes include the following:

a. for costs of work to implement the Final Remedy, including payment of such costs to any party performing such work under any consent decree signed by the U.S. EPA or the State, or under any administrative order issued by the U.S. EPA or the State for performance of such work;

b. for payment to the Cash Escrow Account established under the Third Decree to be used for the purposes set forth in the Third Decree;

c. for reimbursement of the U.S. EPA's future response costs related to the Site;

g. for use toward payment of costs of response for the Site, including payment of such costs: through an escrow account set up under any consent decree signed by the U.S. EPA or the State or under any administrative order issued by the U.S. EPA or the State; through the Hazardous Substance Superfund, the California Hazardous Substance Account, the California Hazardous

Waste Control Account, or the successor of any of them; or through a site-specific account within the Hazardous Substance Superfund, the California Hazardous Substance Account, the California Hazardous Waste Control Account, or the successor of any of them.

41. Payment of money by the Respondents into the Cash Escrow Account established under the Fifth Decree is not a fine, penalty or monetary sanction.

IX. FAILURE TO MAKE PAYMENT

42. If any Respondent fails to make a full payment within thirty days of the effective date of this Consent Order, as required by Section VIII (Payment, page 11), that Respondent shall pay Interest on the unpaid balance, commencing on the effective date of this Order and accruing through the date of the payment. In addition, if any Non-Federal Respondent fails to make a timely and full payment, the Respondent shall be subject to civil penalties as provided in Section X (Civil Penalties, Page 14) of this Consent Order.

43. If the full payment required of the Federal Respondents is not made as soon as reasonably practicable, as required by Section VIII (Payment, page 11), the Hazardous Waste Branch Chief of the U.S. EPA Office of Regional Counsel, Region IX, may raise the issue of non-payment to the appropriate U.S. Department of Justice ("U.S. DOJ") Assistant Section Chief for the Environmental Defense Section.

X. CIVIL PENALTIES

44. In addition to any other remedies or sanctions available to the U.S. EPA, any Non-Federal Respondent who fails or refuses to comply with any term or condition of this Consent Order shall be subject to a civil penalty of up to \$25,000 per day for each such failure or refusal, pursuant to Sections 109 and 122(1) of CERCLA, 42 U.S.C. §§ 9609 and 9622(1).

XI. CERTIFICATIONS OF EACH RESPONDENT

45. By signing this Consent Order, each Respondent individually certifies that, to the best of its, her, or his knowledge and belief, that it, she, or he:

and these previously unknown conditions or this information, together with any other relevant information, indicate(s) that the Remedial Action is not protective of human health or the environment.

Notwithstanding any other provision of this Consent Order, the United States reserves, and this Consent Order is without prejudice to, the right to institute proceedings in this action or in a new action against the Non-Federal Respondents identified in Appendix C, "Respondents Selecting Tier II Covenants," or to

issue an administrative order seeking to compel any of the Respondents identified in Appendix C, "Respondents Selecting Tier II Covenants," to: (1) perform further response actions relating to the Site or (2) reimburse the United States for additional costs of response if, subsequent to issuance of the Final Certification of Completion:

- (i) conditions at the Site, previously unknown to the U.S. EPA, are discovered, or
- (ii) information, previously unknown to the U.S. EPA, is received, in whole or in part,

and these previously unknown conditions or this information, together with other relevant information, indicate(s) that the Remedial Action is not protective of human health or the environment.

XIV. COVENANTS BY THE STATE OF CALIFORNIA

51. In consideration of the payments that will be made by the Respondents under the terms of this Consent Order, and except as specifically provided in Section XV (Reservations of Rights, page 18) of this Consent Order, the State covenants not to sue or take administrative action against any of the Respondents pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), nor the California Hazardous Substance Account Act, California Health and Safety Code Section 25300 et seq., relating to the Site. These covenants not to sue shall take effect with respect to each Respondent upon the receipt of the entire payment from that Respondent as required by Section VIII (Payment, page 11) of this Consent Order. With respect to each Respondent, these covenants not to sue are conditioned upon the complete and satisfactory performance by that Respondent of his, her or its obligations under this Consent Order. These covenants not to sue extend only

to the Respondents and their successors, and do not extend to any other person.

XV. RESERVATIONS OF RIGHTS

52. The covenants by the United States in Section XII (Tier I De Minimis Covenants Not to Sue by the United States, page 14), and Section XIII (Tier II De Minimis Covenants Not to Sue by the United States, page 16), and by the State in Section XIV (Covenants by the State of California, page 18), do not pertain to any matters other than those expressly specified therein. The United States, including the U.S. EPA, and the State of California, including DTSC, reserve, and this Consent Order is without prejudice to, all rights against the Respondents with respect to all other matters, including but not limited to the following:

a. claims based on a failure to make the payments required by Section VIII (Payment, page 11) of this Consent Order;

b. criminal liability;

c. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments;

d. liability arising from any future arrangement for disposal or treatment of a hazardous substance, pollutant or contaminant at the Site after the effective date of this Consent Order; or

e. liability arising from the past, present, or future disposal, release or threat of release of a hazardous substance outside of the Site.

In addition, the State of California reserves, and this Consent Order is without prejudice to, all rights against the Respondents with respect to claims by any agency or agent of the State of California other than DTSC, the California Hazardous Substance Account, or any agency or agent of the State of California identified as a Respondent in Appendix A.

53. Nothing in this Consent Order constitutes a covenant not to sue or to take action or otherwise limits the ability of the United States, including the U.S. EPA, or the State of California, including DTSC and the California Hazardous Substance Account, to seek or obtain further relief from any Respondent if information not currently known to the U.S. EPA or the State is discovered which indicates that such Respondent no longer qualifies as a de minimis party at the Site because the Respondent contributed 110,000 gallons or more of materials

containing hazardous substances to the Site, or contributed wastes which are significantly more toxic or are of significantly greater hazardous effect than other hazardous substances at the Site.

XVI. COVENANTS NOT TO SUE BY RESPONDENTS

54. In consideration of the United States' covenants not to sue set forth in Section XII (Tier I De Minimis Covenants Not to Sue by the United States, page 14) or Section XIII (Tier II De Minimis Covenants Not to Sue by the United States, page 16), and of the State's covenants not to sue set forth in Section XIV (Covenants by the State of California, page 18), the Respondents covenant not to sue and agree not to assert any claims or causes of action against the United States, the State, the California Hazardous Substance Account, nor their contractors nor employees, with respect to the Site or this Consent Order, including, but not limited to:

a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

b. any claims arising out of response activities at the Site; and

c. any claim pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

55. Nothing in this Consent Order shall be deemed to constitute preauthorization of a claim within the meaning of Sections 111 or 112 of CERCLA, 42 U.S.C. §§ 9611 and 9612, or 40 C.F.R. § 300.700(d).

56. Each Respondent also covenants not to sue and agree not to assert any claims or causes of action with respect to the Site or this Consent Order against:

a. any other Respondent; and

b. any person (i) whose liability to the Respondents with respect to the Site is based solely on CERCLA § 107(a)(3) or (4), and (ii) who the U.S. EPA determines arranged for the disposal, treatment, or transport for disposal or treatment, or accepted for transport for disposal or treatment, of less than 2,100 gallons of materials containing hazardous substances (referred to as "de micromis" parties), except where the U.S. EPA has determined that the hazardous substances contributed by such person are significantly more toxic or of significantly greater hazardous effect than other hazardous substances at the Site.

57. Each Respondent reserves, and this Consent Order is without prejudice to, any claims or causes of action with respect to the Site or the Consent Order against any other Respondent who or which fails to make the payments required of it by Section VIII (Payment, page 11) of this Consent Order.

XVII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

58. Nothing in this Consent Order shall be construed to create any rights in, nor grant any cause of action to, any person not a party to this Consent Order. The United States, the State of California, and the Respondents each reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a party hereto, except as provided in Paragraph 56 with respect to "de micromis" parties.

59. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, the Respondents shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant action; provided, however, that nothing in this Paragraph affects the enforceability of the covenants not to sue by the United States in Section XII (Tier I De Minimis Covenants Not to Sue by the United States, page 14) or Section XIII (Tier II De Minimis Covenants Not to Sue by the United States, page 16), nor the covenants not to sue by the State of California in Section XIV (Covenants by the State of California, page 18).

60. The Parties agree that the actions undertaken by the Respondents in accordance with this Consent Order do not constitute an admission of any liability for any purpose by any Respondent.

61. The Parties agree that by entering into and carrying out all the terms of this Consent Order, each Respondent is entitled to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5), for "matters addressed" in this Consent Order. The "matters addressed" in this Consent Order with respect to Respondents identified in Appendix B, "Respondents Selecting Tier I Covenants," are as follows: all response actions taken by the United States, the State, and private parties, and all response costs incurred and to be incurred by the United States, the State, and private parties, at or in connection with the Site. The "matters addressed" in this

Consent Order with respect to the Respondents identified in Appendix C, "Respondents Selecting Tier II Covenants," are as follows: all response actions taken by the United States, the State, and private parties, and all response costs incurred and to be incurred by the United States, the State, and private parties, at or in connection with the Site, subject to the reservations expressed in Paragraphs 50.a and 50.b of Section XIII (Tier II De Minimis Covenants Not to Sue by the United States, page 16).

XVIII. PUBLIC COMMENT

62. This Consent Order shall be subject to a public comment period of not less than thirty (30) days pursuant to Section 122(i) of CERCLA, 42 U.S.C. § 9622(i), and Section 7003(d) of RCRA, 42 U.S.C. § 6973(d). In accordance with Section 122(i)(3) of CERCLA, 42 U.S.C. § 9622(i)(3), the U.S. EPA may withdraw or modify consent to this Consent Order if comments received disclose facts or considerations which indicate that this Consent Order is inappropriate, improper or inadequate.

XIX. ATTORNEY GENERAL APPROVAL

63. Pursuant to Section 122(g)(4) of CERCLA, 42 U.S.C. § 9622(g)(4), the U.S. EPA must obtain the written approval of the U.S. Attorney General or her or his designee prior to issuing this Consent Order. This Consent Order will not become effective unless and until the U.S. Attorney General issues such approval.

XX. NOTICE OF SETTLEMENT APPROVAL AND EFFECTIVE DATE

64. The effective date of this Consent Order shall be the date upon which the U.S. EPA issues written notice of settlement approval to the Non-Federal Respondents and, on behalf of the Federal Respondents, the Environmental Defense Section of the U.S. Department of Justice, that both of the following have occurred: (1) the public comment period pursuant to Section XVIII (Public Comment, page 22) of this Consent Order has closed and, if any comments are received, that the U.S. EPA has determined that such comments do not require modification of or the U.S. EPA's withdrawal from this Consent Order; and (2) the U.S. EPA has obtained the written approval of the U.S. Attorney General or her or his designee.

65. In the document providing written notice of settlement approval as described in Paragraph 64, the U.S. EPA shall provide the Respondents with a letter prescribing payment instructions, which shall instruct the Respondents to make payment in accordance with Section VIII (Payment, page 11) of this Consent Order.

XXI. INTEGRATION/APPENDICES

66. This Consent Order and its appendices constitute the final, complete and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this Consent Order. The Parties acknowledge that there are no representations, agreements or understandings relating to the settlement other than those expressly contained in this Consent Order. The Parties agree that Appendices A, B, C and D to this Consent Order, as described below, will be the final documents issued as Appendices A, B, C and D sent to the Respondents on the effective date of this Consent Order. These appendices are attached to and incorporated into this Consent Order; however, in the event of a conflict between this Consent Order and any appendix, this Consent Order shall control:
