

EPA Deletion Process for PGOU Lands

Aerojet:

- Completes all response actions, including remediation and institutional controls
- Submits petition requesting partial deletion

EPA Region:

- Prepares Close Out Report
- Obtains concurrence letters from DTSC & RWQCB
- Prepares Notice of Intent to Delete (NOID)
- Sends NOID to State and EPA Headquarters for review
- Creates deletion docket
- Distribues complete deletion docket to Federal Docket Management System and local repositories
- Obtains concurrence from EPA headquarters
- Signs NOID
- Publishes NOID in Federal Register and local newspaper(s)
- Starts 30-day public comment period
- Conducts public meeting (optional but likely for Aerojet)
- Prepares Responsiveness Summary for review by EPA Headquarters
- Prepares Notice of Deletion (NOD) for review by EPA Headquarters
- Publish Notice of Deletion in Federal Register to effect deletion

Deletion Docket Contents

- No action ROD and RA Report for applicable parcels
- Map of parcels
- State concurrence letter(s)
- Bibliography of the Administrative Record for parcels
- Deletion notices in Federal Register
- Public comments
- Responsiveness summary
