

EPA will share 90% of the construction and continued operations costs until the final remedial action for Area 1 is selected. After that, the extent of any future EPA participation will be determined.

10.0 SCHEDULE

Approval of ROD	August 31, 1987
Amend Cooperative Agreement for Design and Construction	August 6, 1987
Complete Design	August 1987
Start Construction	August 1987
Complete Construction	December 30, 1987

11.0 FUTURE ACTIONS

The overall Remedial Investigation for the entire area is expected to begin in August 1987, and will take approximately 2 years to complete. There may be additional operable units in the other three areas before the final remedial action is determined.
