RE: 2003 Annual Report
Applied Materials Building 1
3050 Bowers Avenue, Santa Clara, California

Dear Mr. Christian:

Please find enclosed the 2003 Ground Water Monitoring and Remedial Action Self-Monitoring Annual Report for Applied Materials Building 1, located at 3050 Bowers Avenue, Santa Clara, California (the Site). This report is hereby submitted as required by Site Cleanup Order No. 90-134, as amended by No. 93-056.

Included in this report are a discussion of the Self-Monitoring Program (SMP) data, and a summary of the ground water monitoring and extraction program at the Site from February 2003 through January 2004. The modified remediation program for the Site (i.e. Pumping Modification Program) is also discussed.

I certify under penalty of law that this document and all attachments are prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who managed the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions, please feel welcome to call Alicia Recktenwald at 408-584-4160.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Bruce A. Klaffer'.

Bruce Klaffer
Senior Director
Corporate Environmental Health and Safety
