### Construction/Validation/Performance (Adam Harvey)

- Our subcontractor was out last week beginning work on replacing the differential pressure transducer and flow meter cables at 19<sup>th</sup> Street. The City had a POC person out observing to make sure everything was working properly. No word yet if completed.
- The differential pressure transducer has arrived in Houston, Texas. It should arrive in California within a week or so.
- Last Friday, we sent out the final monitoring well extraction well installation report.
- URS is scheduled to send out the RA draft report first week of October.
- URS is working on the first six-month semi-annual report and scheduled to send the draft out by end of week or early next week.
- URS is working on the cost and performance report and the draft version will go to the EPA and CH2M Hill via email tomorrow.

### General Discussion

- Meeting tomorrow in San Bernardino for technical discussion of EW-109 issue.
- Kim will be back in the office on Wednesday.
