Subject: Re: fracturing panel

Dear Mr. Hanlon,

Thanks for your response. I will not have a prepared statement but request that you copy the two attachments for each member of the panel.

I will refer to these newspaper articles and have highlighted the major talking points in bold print. You should identify me as

CHAIR, INTERNATIONAL SCIENCE OVERSIGHT BOARD.

I will submit an additional statement after this meeting when I have had an opportunity to review additional scientific data.

In health,  
Lynn Howard Ehrle
