

*Reactive Nitrogen in the United States: An Analysis of Inputs, Flows, Consequences, and Management Options - A Report of the Science Advisory Board*

Additional Acknowledgments

In addition to the individuals identified on page vii of the SAB Integrated Nitrogen Committee's report, many others provided perspectives and insights for the Committee's consideration. In particular, the Committee would like to acknowledge the following individuals from the U.S. EPA who made presentations at meetings of the Committee: Dr. Chris Dockins, Ms. Virginia Kibler, Mr. Barry Korb, Mr. Andrew Manale, and Mr. Lawrence Martin. The Committee also acknowledges the contributions of other participants at the SAB Integrated Nitrogen Committee workshop, in particular: Dr. Edward Dettmann, Mr. Michael Kolian, Dr. Jason Lynch, Ms. Sylvia Malm, and Ms. Shanika Whitehurst of the U.S. EPA, Dr. Eladio Knipping of the Electric Power Research Institute, Mr. Charles Kovatch of the Florida Department of Environmental Protection, Mr. Afton Liddell of the National Pork Producers Council, Dr. Jennifer Phelan of the Research Triangle Institute, and Mr. Bob Singleton of the National Railway Equipment Company. The Committee also received public comments from many other individuals.
