Washington, DC 20460

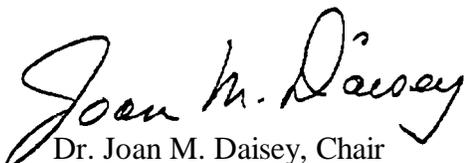

Subject: Notification of a Consultation on Possible Further Guidance on
Ecological Risk Assessment Topics

Dear Ms. Browner:

The Ecological Processes and Effects Committee (EPEC) of the Science Advisory Board (SAB) met on July 9, 1998, in part to conduct a consultation with staff from the Risk Assessment Forum in the Office of Research and Development on proposed projects to complement and extend the guidance provided in the Agency's *Guidelines for Ecological Risk Assessment*. The SAB has developed the consultation as a mechanism to advise the Agency on technical issues that should be considered in the development of regulations, guidelines, or technical guidance before the Agency has taken a position. A consultation is conducted under the normal requirements of the Federal Advisory Committee Act, which include advance notice of the public meeting in the Federal Register.

As is our customary practice, there will be no formal report from the SAB as a result of this consultation, nor do we expect any formal response from the Agency.

Sincerely,

Dr. Joan M. Daisey, Chair
Science Advisory Board

Dr. Mark A. Harwell, Chair
Ecological Processes and
Effects Committee
Science Advisory Board
