April 6, 2010

Dear Mr. Hanlon,

In regards to your meeting this week on the Hydro Fracking Review I ask that you expand your study to include the impact the presence of an industrial waste site within the Finger Lakes Wine Region (with its considerable manipulation to the landscape, as well as increased heavy truck usage on its roads) will have on our visiting public and businesses. As an owner of Sheldrake Point Winery, I would like your study to include the impact this major disturbance will have on the Finger Lakes Wine Region as a destination.

Sincerely,

Frances Littin
Sheldrake Point Winery
