Dear Dr. Samet:

Thank you for your letter regarding comments from the Clean Air Scientific Advisory Committee Ozone Review Panel and the reconsideration of the 2008 ozone National Ambient Air Quality Standards.

Your comments have been extremely helpful to me and my staff as we continue the process of reconsidering the 2008 ozone NAAQS final decision. The panel's comments will be taken into consideration in the U.S. Environmental Protection Agency's final decision to be announced by August 31, 2010.

Again, I would like to thank you and the panel for your efforts, and I look forward to continuing to work with you in the future.

Sincerely,
