**Dr. Rick Hornung Suggested Edits to July 15, 2009 Public Review Draft**

Jack

I will be headed for the airport at the time of the conf call tomorrow. I read the latest draft and it looks very good to me. I suggest one minor change at line 7, page 3 of the cover letter and in line 13, page 3 of the Executive Summary. The suggested revision is: "reporting risk estimates associated with available studies of cohorts..." instead of "reporting available studies...".

Regards,  
Rick
