EPA-SAB-CASAC-CON-99-001

Honorable Carol M. Browner  
Administrator  
U.S. Environmental Protection Agency

Subject: Notification of a Consultation on the Development Schedule for the  
Carbon Monoxide Staff Paper

Dear Ms. Browner:

The Clean Air Scientific Advisory Committee (CASAC) of the Science Advisory Board (SAB), met on November 16, 1998 to conduct a consultation with staff from the Office of Air and Radiation (OAR), Office of Air Quality Planning and Standards (OAQPS) on the Development Schedule for the Staff Paper for the national ambient air quality standards (NAAQS) for Carbon Monoxide. The SAB has developed the consultation as a mechanism to advise the Agency on technical issues that should be considered in the development of regulations, guidelines, or technical guidance before the Agency has taken a position. A consultation is conducted under the normal requirements of the Federal Advisory Committee Act, which include advance notice of the public meeting in the Federal Register.

As is our customary practice, there will be no formal report from the SAB as a result of this consultation, nor do we expect any formal response from the Agency. However, since CASAC finds the schedule appropriate, the Committee looks forward to conducting a formal review of the draft Staff Paper in the future as outlined in the Development Schedule.

Sincerely,

/s/  
Dr. Joan M. Daisey, Chair  
Science Advisory Board
