

**EPA Science Advisory Board
Hydraulic Fracturing Research Advisory Panel
Additional Information Provided After December 3, 2015 Public Teleconference**

During the December 3, 2015 Hydraulic Fracturing Research Advisory Panel Public Teleconference, one public speaker (John Noel) noted there was new research from Harvard Law School's Environmental Policy Initiative in the *Energy Policy* journal. The citation for this research is noted below.

Konschnik, K. and A. Dayalu. 2016. Hydraulic fracturing chemicals reporting: Analysis of available data and recommendations for policymakers. *Energy Policy* 88: 504-514.
