

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

APR 25 2012

THE ADMINISTRATOR

Armistead Russell, Ph.D.  
Chairman, Air Monitoring and Methods Subcommittee  
Clear Air Scientific Advisory Committee  
Science Advisory Board  
U.S. Environmental Protection Agency  
1200 Pennsylvania Avenue, NW  
Washington, D.C. 20460-0001

Dear Dr. Russell:

Thank you for leadership during the September 29, 2011, and November 17, 2011, teleconference and the January 27, 2012, Clean Air Scientific Advisory Committee review of the U.S. Environmental Protection Agency's draft *Near-Road Nitrogen Dioxide Monitoring Technical Assistance Document*.

The thoughtful comments offered by CASAC's Ambient Air Monitoring and Methods Subcommittee have been exceptionally helpful to the EPA as we complete the technical assistance document and begin deploying near-road monitoring sites. These materials are already being used in sharing the goals and technical requirements for near-road monitoring sites with the state and local agencies deploying the sites.

Please know that I truly appreciate the subcommittee's efforts, and I look forward to continuing to work with all of you.

Sincerely,

A handwritten signature in black ink, appearing to read "Lisa P. Jackson".
