Re: Additional Comments from Dr. Kenneth Brown to the Arsenic Review Panel

Dear Mr. Miller:

Attached is a follow-up submission to the Arsenic Review Panel prepared by Dr. Kenneth Brown on behalf of the Treated Wood Council. Dr. Brown's submission provides further information on important issues that arose at the September Panel meeting. It is critical that the Panel members receive this information as soon as possible, so that it can be reviewed before their deliberations are complete. Therefore, please confirm for me that this submission will be promptly distributed to the Panel members.

Thank you for your assistance.

Respectfully,

Jeffrey Miller
Executive Director
