Dear Dr. Russell:

Thank you for the review panel's comments on the U.S. Environmental Protection Agency's September 2010 document, *Policy Assessment for the Review of the Secondary National Ambient Air Quality Standards for NO_x and SO_x: Second Draft*.

The panel's important contributions are especially helpful to the EPA as we work to complete the final draft of our policy assessment for the NO_x and SO_x secondary NAAQS. The EPA's consideration of the panel's comments will be reflected in the final draft.

Again, I offer you my sincerest appreciation for the panel's excellent efforts, and I look forward to working with all of you in the coming months.

Sincerely,
