Dear Dr. Henderson:

Thank you for providing me with the U.S. Environmental Protection Agency Science Advisory Board Clean Air Scientific Advisory Committee Ozone Review Panel's March 26, 2007, additional advice and recommendations following the completion of the Agency's Final Ozone Staff Paper (January 2007). The Panel's advice and recommendations have been extremely helpful to me and my staff throughout our review of the National Ambient Air Quality Standards for ozone, and I will evaluate these additional comments as I consider alternatives for a proposed ozone NAAQS.

Once again, thank you and all of the members of the Panel for the valuable assistance you have provided to the Agency during this review process. I will consider your advice and recommendations carefully in formulating my proposal, which will be issued by June 20, 2007.

Sincerely,

Stephen L. Johnson
